## Solidaritet fra Tyskland!

Datum 23. Oktober 2020

Dear colleagues,

We were advised of the struggle of the Norwegian security workers via Uni Europa. Ver.di offers our support and solidarity to the Norwegian security workers. We are currently negotiating a new wage agreement with our employers in the State of Hessen.

We as well demand decent pay from our employers. Just as you, we strive to end involuntary part-time and low compensations for night shifts.

Our very best wishes to all the Norwegian security workers in the struggle!
